"LookUp provided a great insight into how any individual can help create change in their community. I was able to learn a lot about how leaders around me are benefiting the community, and now that I have learned more about what makes a good leader, I am eager to apply that knowledge in order to create a strong impression on my community."

"I learned that you don't have to be famous, or rich, or even all that "important" to inspire people. It's okay to quietly lead, but once you find your voice, don't be afraid to use it."
